EcoTone

Production and Quality assurance process

EcoTone cartridges are 100 % remanufactured in Canada since 2000 by our qualified team of experts. We use mainly North American raw materials and the cartridges are manufactured under stringent quality control guidelines to ensure the highest level of quality and reliability.

*STMC – (Standardized Test Methods Committee)

STMC designation tells the consumer that the cartridge purchased was manufactured in accordance with specific quality and performance standards.

*CGSB – Certification # CGSB53.148.2011
